Description:

It is 1961, and thirteen year old Katie is facing a summer full of conflict. First, instead of letting her find her own work for the season, Katies father has arranged for two less than satisfactory baby-sitting jobs. Worse, Katie has been forcibly inducted into the loser Girl Scout troop organised by her only friend Synthias controlling and clueless mother. A much anticipated visit to her former home in Texas and ex-best friend Cherylanne proves disappointing. And then comes an act of betrayal that leaves Katie questioning her views on friendship, on her ability not to take those she loves for granted, and most important, on herself.

Written with wisdom and wit, this book by Elizabeth Berg—the third in a series—is a coming of age story to which any woman who came of age in the 60s will thoroughly enjoy, if not actually treasure. It's the summer of 1961 and Katie Nash is 13, bridging that confusing time between childhood and adolescence. But Katie does something so terrible and upsetting that she can barely forgive herself, and the act may very well bring her remorse her entire life. How she tries to make amends is both endearing and sad and teaches us all lessons in not only how to forgive one another, but also humble ourselves to seek forgiveness from those we have harmed. While this book can be read as a stand-alone novel, I think you will appreciate it so much more if you read *Durable Goods* and *Joy School* first.
